Materials may include software or algorithms prior to release and cannot be functional. 6. You can reveal the materials to your subcontractor for your work in your products under an agreement that prevents the subcontractor from revealing the materials to others. At the end of the agreement, licenses to you will end immediately and you should stop using the materials and destroy all copies in your possession and lead your subcontractors to do the same. You will compensate, will defend and keep an integral intel of any allegation against Intel that arises in relation to its use of the materials and you will pay all the people, liabilities and costs of Intel (including lawyer fees) resulting from The allegation. If you do not agree, do not use the materials and destroy all the copies. 1.2 à € ointel Componentsà € It means a hardware or product component designed, developed, sold or distributed by Intel or its affiliates. 2.3 Do not imply License. No exemption from any disposition of this agreement will be less than in a letter signed by an authorized representative of the renouncement party specifying the exonerated provision. If any responsibility is found, the total cumulative responsibility of Intel will not exceed \$ 100.00 U.S. for all claims derived from or related to this agreement. Property of related intellectual property rights is not modified. If we cannot solve the controversy in 30 days, any of us can demand mediation and try to solve the controversy with an impartial mediator. 9.1 Assignment. These limitations of responsibility are a fundamental basis of our negotiation and Intel would not have entered this agreement without them. You should not export, import or transfer the materials to any PAI, person or entity forbidden or sanctioned. To obtain information on why and how intel V © ASE . The materials are provided for à € I mean, I don't know. source license, including licenses recognized by the Open Source Initiative ( ). Intel does not license You to make, have made, use, sell, or import any Intel technology or third-party products, or perform any patented process, even if referenced in the Materials. 9.3 Governing Law; Jurisdiction. Jurisdiction.
